

Role: Interior Architect

We are looking for a skilled Interior Architect with a keen sense for design who must have at least 5 years' experience within luxury residential. The successful candidate will have a deep understanding of space, form and function using their high technical skills to demonstrate their design intent.

An exciting opportunity for individual who encompasses a mix of technical and design skills for this hybrid role.

Roles & Responsibilities

- Pitch work and concept design
- Developing design from original brief through to completion
- Producing mood presentations using images/sketches/ samples/ 3D models
- Space planning to clients' brief
- Understand and produce architectural drawings, schedules and specifications
- Design development and technical design
- Attend client meetings in a confident and professional manner
- Attend site visits and be comfortable with all stages of the construction process
- Attend factory and supplier meetings
- Technical drawings and coordination, developing schemes, reviewing shop drawings, hand sketching

Required Skills & Experience

- Minimum 5 years' experience in luxury residential. Experience in Yacht design would be advantageous but not essential
- Excellent attention to detail and a passion for design
- Ability to adapt and respond to a clients' changing requirements
- Show sense of scale and ability to think 3 dimensionally.
- Demonstrate good understanding of materials, construction techniques and FF&E
- Work autonomously and show a pro-active attitude
- Experience in AutoCAD, Adobe Design Suite essential
- 3D Model capabilities would be desirable to demonstrate design intent (e.g. SketchUp, Rhino)
- Revit experience would be desirable but not essential
- Communicate effectively with team members internally
- Working to a deadline in a fast paced, busy environment

Job Type: Full Time

Salary: Dependent on experience
