

Role: Senior Interior Designer

We are looking for a Senior Interior Designer who must have at least 5 years' experience within High End Residential Interior Design (a focus on yacht design would be advantageous) The successful candidate will have excellent proven experience of luxury interior design and strong FF&E skills, with a positive and can-do attitude. An exciting opportunity to work with a dynamic, young team on new projects

Roles & Responsibilities

- Oversee multiple large and small-scale projects.
- You will work on technical drawings, creating mood boards/layout plans, attend meetings and present concepts to clients.
- Create FF&E packages, including furniture drawings, and selection of finishes and fabrics
- Be a professional representative of the company with the ability to present design concepts and ideas with confidence and passion.
- Work to tight deadlines and as a part of a team
- Work closely with our workshop and site teams.

Knowledge & Experience

- Must have 6 years' minimum high-end residential experience
- Experience in Yacht Design would be advantageous
- Must have strong FF&E knowledge, including specifications and schedules
- Experienced working on multiple fast-paced, high-end residential projects
- Excellent communication and time management skills, with a positive attitude
- Experience in AutoCAD, InDesign and Photoshop essential
- Experience in SketchUp desirable but not essential.
- Exceptional attention to detail.
- Liaising with architects, consultants, specialists and suppliers.

Job Type: Full Time

Salary: Dependent on experience
