

## VISUALISER

Studio Indigo is looking for a highly skilled visualisation specialist to join our Studio in a new role.

Candidates should be eager to explore innovative design solutions and be comfortable in a fast-paced environment. They should have a keen eye for composition and detail as well as a deep understanding of materials, demonstrating a creative, pragmatic design process.

The ideal candidate will set a high standard for the Studio's internal visualisation style to ensure it meets our clients' expectations and reflect the Studio's design ethos of excellence and quality.

Studio Indigo is a dynamic collective of Architects, Technicians and Interior Designers working all under one roof in a highly collaborative and fun environment, working on a range of residential, commercial, hospitality and yacht project in London and internationally.

### **Role & Responsibilities**

- Create high-quality renders in cooperation with and under the direction of project leaders and design team
- Build and organise our visualisation library
- Ensuring all ideas are represented as accurately and attractively as possible
- Creating both static visualisations and animations/CGI
- Keeping up-to-date with relevant software advances

### **Required Skills & Experience**

- A positive and highly motivated person who will have a keen eye for detail, a problem-solving nature and a passion for design
- 3-5 years professional work experience required
- Professional degree in architecture or equivalent
- You will be working on all areas within 3D Visualisation, from early concept images and sketches to high-end marketing presentation images and real-time solutions
- High proficiency working in Rhino and 3D rendering software (Vray or similar) AutoCAD, Adobe creative suite programs
- Strong communication skills and the ability to keep to tight deadlines
- Fluency in English with very good interpersonal skills.
